MARCH 2009
VOLUME 99 • NUMBER 3

LAND MATTERS | 13

LETTERS | 15

RIPRAP | 24

Sweet Danish design, crops climbing the walls, suburbia frowns on a joyful display, and news tidbits you can use.

Edited by Linda McIntyre

PRACTICE | 30

Many Directions

These landscape architecture students earned their degrees side by side, but since then they have gone off in many different directions.

What can other young landscape architects learn from their experiences?

**Edited by Daniel Jost,
Associate ASLA**

LANDSCAPES OF COMPASSION | 52

Becoming Unbroken

A cathedral offers a garden to sex abuse victims.

By Peter Ornstein

PLANTS | 56

Roots First

Technology designed to unearth land mines can be used to transplant trees.

By Deborah Howe, ASLA

TECHNOLOGY | 64

Planning for Water Demands

Digital data helps make better decisions.

**By James L. Sipes, ASLA, and
Mickey O'Brien**

PLANNING | 74

Ring of Green

The retrofit of a disused rail loop could revitalize central Atlanta.

By Jonathan Lerner

DESIGN | 80

Mixed Messages

What does this xeriscape garden teach us about conserving water in the desert?

By Rachel Hill, Student ASLA

As If It's Always Been

Why did designing the Washington Monument grounds have to wait 120 years for terrorist attacks to make it seem necessary?

By Ron Henderson, ASLA

86

Parenting a Garden

A seaside garden in Southern California has gone through a number of changes as the owners make it their own.

**By Daniel Jost,
Associate ASLA**
